Dear Prospective Family

We understand that choosing the right school for your child is a decision of great importance. It is with this in mind that we invite you to consider Loreto School Queenswood as a potential place for your child's growth and development.

Families are drawn to Loreto School Queenswood for several key reasons. Our small class sizes enable us to foster meaningful interaction between learners and educators. If you are seeking a nurturing environment where children are loved, challenged, and not lost in the crowd, you will find that here.

The atmosphere at Loreto School Queenswood is Christ-centred and life-giving. We encourage our learners to grow both intellectually and spiritually, balancing high standards with grace. Our students are inspired to love their studies, delight in God's creation, and appreciate all living things.

Our motto, "We Grow Children for Life," reflects our commitment to instilling core values such as justice, freedom, sincerity, truth, and joy. We aim to help each child develop into the best version of themselves.

We offer a holistic, person-centred education that nurtures faith and cultivates wisdom. Our learners are encouraged to pursue personal excellence and become "Agents of Social Change." We teach discernment, participation, and celebration — fostering meaningful relationships, leadership skills, inclusivity, and critical awareness of today's realities.

If our vision resonates with you, we warmly invite you to visit Loreto School Queenswood. While our website provides helpful information, experiencing the vibrant life of our school firsthand is truly invaluable.

Please feel free to contact Tania Minnaar, our admissions Secretary, at (012) 333-4384 or tania.minnaar@loretosa.co.za to arrange a personal tour. We look forward to welcoming you and sharing the beauty and rich heritage of our school with you.

Kindest regards

Henda Barnard
Principal
